

Life Desktop® List of All features

Your Secret To An Easier & More Secure Online Life

You get a fully customizable toolbox which allows you to add every online product that you use and put it into Consumer Box®. The following features further automate and simplify your life.

YOUR PERSONALIZED & SAFE ONLINE SYSTEM

Desktop App™: Download the app on your computer to allow you to securely navigate all online products in one place with more security everywhere you surf.

Hacker Tested™: Patented security that allows you to securely visit websites from any internet connection on any wifi across the globe.

My Online Logins™: Allows you to securely store all your usernames and passwords to every online product or provider across your life.

My Files™: Store your files so that all the things you need are secure and easy to find when you need them.

My Tasks™: Manage your “to-do lists” and tasks in this easy to use tool that helps you categorize tasks according to priority.

My Bank Balances™: No need to log in to bank accounts separately - simplify your view of your finances and view all of your accounts in one place.

My Scorekeeper™: Your financial analysis tool that connects to all of your accounts and creates the reports & dashboards you need to help make the best decisions.

My Theft Insurance™: Protect against online security threats in your life and mitigate cyber attacks from hackers and malicious sources.
